Current Event Report

Name _____

Each month you will need to read a current article in science that is related to the topics that we are studying. This article can be from different sources including:

• The internet • The newspaper • A "Science" magazine • A scientific journal

After you read this article you need to print out this page and answer the following questions on this sheet, in the spaces between the questions. Use complete sentences.

1. Who wrote this article, and what is their point of view and purpose for writing the article?

2. What is the topic discussed in this article?

3. What evidence does the writer use to support her/his conclusions **and** is this credible evidence?

4. How does this article relate to things I already know or any experiences I have had in the past?

5. Explain what affect this information will have on society in general and who it will affect and what the consequences will be.
